REMARKS

A Notice of Allowance and Notice of Allowability were issued October 4, 2005 in connection with the above-identified application. Applicants filed an Amendment under 37 C.F.R. §1.312 on January 3, 2006 in order to amend the first paragraph of the specification to correctly identify the relationship between the subject application and each prior application from which benefit is being claimed. This Supplementary Amendment is filed merely to correct an inadvertent error in the title filed with the original transmittal papers of the above-identified application. Specifically, applicants have amended the title of the application to replace the incorrect term "inducting" with the correct term "inducing". Applicants maintain, therefore, that this Supplementary Amendment merely corrects an inadvertent error in the title and as such raises no issue of new matter. Accordingly, applicants respectfully request entry of this Supplementary Amendment.

If a telephone conference would be of assistance in advancing prosecution of the subject application, applicants' undersigned attorney invites the Examiner to telephone him at the number provided below.
